

East Weymouth Congregational Church

United Church of Christ

Faithful to God's Ways we bring hope, love and light to our community and the World.

Dear Members and Friends of East Weymouth Congregational Church,

Grace and Peace to You! The Faith Formation Team met this past week and has some joyful news to share with you. **We will gather in person for worship this summer, starting Sunday, July 11, alternating between worship at church on Sundays and worship in Webb State Park on Wednesdays.** All are welcome!

Sunday worship will be in the beautiful backyard playground of our church which we share with Stars Preschool. What a lovely way to worship under a canopy of trees in a space blessed by children who play there during the week. Also, our playground borders Lovell Field where soccer games are scheduled throughout the summer. I anticipate as we pray in our worship circle, we will hear in the distance cheers of parents with children playing soccer. This past year has been so heavy, hard and full of loss. How revitalizing it will be to have times of rejoicing and community and yes, even playtime and fresh summer breezes!

The Sunday services will be held at 9:30 am at the Church; the Wednesday evening services will be held at Webb State Park, 371 River St., North Weymouth 7 pm. Those who would like are invited to stay on through the sunset when we will have closing prayer and song.

The sunset photo above was taken from local Weymouth photographer, Paul Field, at Webb State Park.

As we are now a hybrid church, our online worship will continue every Sunday at 10:00 am on YouTube and 11:00 am on Facebook. Please

share the gospel news of our worship opportunities widely and invite new friends to join in.

Below are the dates for Summer Church Services:
